And Multimedia Productions Limited™

Presenter Led Training Courses

S.T.A.M.P. presenter-led training courses are delivered using a blended approach of classroom based theory and workshop based practical sessions and can be supported with additional e-learning modules, in most instances.

All of the courses referred to in this document are delivered at our VITAL Training & Conference Centre (VTCC) premises in Peterhead, Scotland. Subject to prior agreement between both parties, it is possible to deliver some of these courses at customer or third-party premises. Please contact us to discuss any such requirements you may have.

All training course prices are provided on request.

Below is a list of engineering based training courses we are currently delivering / able to offer:-

Course Title	Duration
Valve Appreciation - To Introductory Level	1 day
Valve Appreciation - To Intermediate Level	3 days
Valve Appreciation - To Advanced Level	5 days
Pressure Relief Valves	3 days
Introduction to Ball Valves	1 day
Introduction to Through Conduit Gate Valves	1 day
Introduction to Actuators	1 day
Introduction to Pressure Testing	1 day
Introduction to Pipeline connections	1 day
Pipe Specifications & End Connections	1 day
Making & Breaking Joints in a piping system	1 day
Introduction to Torque and Tensioning	1 day
Valve Materials, Platings & Coatings	1 day
Sealing Arrangements Part 1: O-Rings	1 day
Non Invasive Maintenance Techniques	1 day
Introduction to Offshore	1 day
Offshore & Site Survey Techniques	1 day
Acoustic Emissions Leak Detection	½ day
Acoustic Emissions Leak Detection	1 day
Introduction to Sealant Injection	1 day
Sealant & Grease Injection Techniques	2 days
Introduction to Screw Threads	½ day
Compression Fittings & Tube Bending	1 day
Use of Measuring Equipment	1 day
Quality Assurance Job Card Completion	1 day
